Academy Notes.

The assembly this week Friday will be in charge of the 12th year. Several of the high school boys went hunting last week but no authentic reports of game as yet.

Examinations will be held the first of next week. This will close the first term's term cards will be given out following the Thanksgiving recess.

The outlook for basket ball at the academy this winter is not as bright as we would like to have it owing to the fact that the boys have no place to practice. The financial end of the problem being the most difficult to solve.

The chapel exercises Thursday morning were in observance of Armistice day. The exercises opened with the singing of the "Star Spangled Banner" followed by brief remarks on Armistice day and the reading of the governor's proclamation by Principal Stevens. Miss Carter gave some interesting facts concerning the burial of the unknown soldier. Miss Annis gave an extract of Mrs. Wilson's address on "Permanent Peace." Miss Kendrick gave an interesting talk on the "Limitation of Armaments Conference." Mr. Burnham made some suggestions on the observance of the day. The exercises closed with reading in unison of Lincoln's Gettysburg address and the singing of "America."

NOTICE

Owing to trouble with our linotype we are unable to use the new news copy intended for this issue, all of which will appear next week.

Improvement Club Notes.

Through the kindness of Miss Masure, proprietor of the little Art shop in the Davis block the walls of the club rooms have been ornamented with several fine hand-colored scenes of Crystal and Willoughby lakes. They are enlarged from copyrighted photos by Derick and when framed as hung in the club rooms would make very desirable additions to the walls of any home.

Recent additions to the booster list are C. E. Barnes, Bristol, Conn., and George LaBar, Delaware Water Gap, Pa., M. J. Keefe, Chas. Morrill, A. J. Urie and George S. Carter.

Two inquiries have been received from Colorado for information about Barton and convince even an unbeliever of the drawing power of persistent publicity.

Imperial Instrumentalists Please.

The entertainment by the Imperial Instrumentalists in Durkee's hall Friday evening as the second number in the Barton Lyceum course, was most enthusiastically received by a good-sized audience.

The six ladies were all artists and the variety of their program was all that could be desired. Their orchestra numbers were perhaps the most classic, but the vocal solo work, the saxophone, violin and cornet were also excellent.

Their characterization of the country orchestra was amusing and the reader drew enthusiastic applause. All in all the entertainment was one which pleased every class of music lovers and the Imperial Instrumentalists would find a hearty welcome in Barton again.

November 9, when he took his supposedly unloaded gun from the wall. The gun was discharged, the bullet hitting Mrs. Marshall and killing her instantly. The Marshalls were well known here and much sympathy is felt for the bereaved family.

A very pleasant meeting of the W. C. T. U. was held with Mrs. F. E. Nelson Tuesday afternoon. The topic was "Thanksgiving." The program which followed scripture reading and prayer was unusually interesting and consisted of two readings: one by Mrs. E. R. Cook entitled, "The First Thanksgiving and Later Ones," and a story by Mrs. H. R. Cutler, "Thanksgiving Crossroads." Ten members and two visitors were present.

The health drive from November 14 to 18 is taking place in Barton graded school when everyone is asked to encourage the children to form health habits by keeping the rules of the health game. They are as follows: 1. A full bath once a week. 2. Brushing the teeth at least once a day. 3. Sleeping long hours with windows open. 4. Drinking as much milk as possible, but no coffee or tea. 5. Eating some vegetables or fruit every day. 6. Drinking at least four glasses of water a day. 7. Playing part of every day out of doors. 8. A bowel movement every day.

The afternoon study club met with Mrs. Edith Carter Thursday, November 10. There were 24 members and two visitors present. Roll call was answered to by "The Value of Flow." Mrs. Thompson gave a talk on "Some Special Suggestions for Interior Decoration." Mrs. Wright read a paper on "Choice of Decorative Objects and General Placement." The Ellen Webster had a paper, "The Home as an Influence on Persons Who Live in It." Mrs. Ruth Webster, "Greatest Miracle of All," and "Two Maidens." She was accompanied by Mrs. Blanche Underwood. The next meeting will be Friday afternoon, November 18, with Mrs. Mamie Hanson. Please notice the change in date.

FEDERAL ROAD PROJECT

Survey for \$90,000 Job Between Barton Village and Sutton Lige.

Engineer Welch of the State Highway department, with George Reed and three assistants are making a survey of the highway from the Sutton town line north to the Boston & Maine railroad underpass just south of Barton village.

This location has been approved by the federal authorities for federal work and the survey is being made for the purpose of submitting final plans to Washington. The survey was visited by District Commissioner Cobleigh and S. B. Bates of Derby, member of the State Highway commission Wednesday and the right of way had been guaranteed by the sequester of the town of Barton, a technicality.

There was originally \$181,000 of federal money allotted to Orleans county from the Vermont federal allotment by the State Highway department for road work here. The survey of the Orleans-Covington highway completed last year cost \$51,000 and the Orleans end of the project now being completed cost \$38,000. This approximates \$90,000 or one-half of the total allotment to the county and this leaves about \$90,000 of the original allotment yet to be spent and is available for this project.

The allotment of the \$181,000 to Orleans county was made on the basis of population, post roads and area, exactly as the allotment was made to the states by the government. Some of the county allotments have been practically all spent and other counties have spent little of the money, while Orleans has approximately one-half or \$90,000 left. If the final survey and detailed plans are approved in Washington it is expected a \$90,000 strip of federal road will be built immediately south of Barton village as a connecting link between St. Johnsbury and Newport, via Barton.

attended. The exercises consisted of singing by the ladies' quartette and community singing of patriotic songs. Frank S. Phillips recited the address of the state and readings were given by U. Z. Cameron and Miss Hattie McDuffie. A very fine patriotic number was given by the primary school under the direction of Rev. M. A. Turner of Barton, who was kept at home by sickness. Rev. John Kimball gave an address.

The many friends of Mrs. C. P. Bean were saddened by the news of her death Saturday night. Her husband, Cromwell P. Bean, died last winter. Mrs. Bean was born in Washington, D. C. Her maiden name was Alpha Emery. Mr. and Mrs. Bean spent nearly all their married life in Glover. Mrs. Bean was a woman of character and intelligence and had a wide circle of friends. She was interested in the life of the community and was active in social and religious circles. She is survived by one son, Carl W., four grandchildren, and one great-grandchild. The funeral services were held Tuesday at 1 o'clock, conducted by Rev. John Kimball.

Homer Rushford Accidentally Shot.

Sunday afternoon about 3:30 o'clock while Homer Rushford and Joel Chesley of Barton were in the woods beyond Glover, an accidental discharge of Mr. Chesley's gun nearly proved fatal to Mr. Rushford, the charge of shot striking Mr. Rushford just above the back of the hip.

Mr. Rushford was taken to the home of Charles Derusha, a doctor was notified and the Jackson ambulance summoned. He was taken to the Orleans hospital where Dr. Allen of St. Johnsbury operated about 10 o'clock. Mr. Rushford will probably recover but he is now in a critical condition.

It appears that the hunter had discovered a coon in a hollow tree and Mr. Chesley had put his gun down. When the coon escaped Mr. Rushford shot at him and started in the direction which the coon was taking. Mr. Chesley hurriedly took up his gun which discharged. Mr. Rushford was dressed warmly and being only a few feet from the muzzle of the gun the charge carried clothing and all with it making a large ugly wound but not piercing the abdominal cavity.

Mr. Rushford is considered as making satisfactory progress.

Horse Stolen at Brownington

A bay mare weighing about 1000 pounds and a black Concord buggy were taken from the barn of John Labreau of Brownington Tuesday night, November 8.

Mr. Labreau had been to Massachusetts to visit his people who were there and had hired one, James Carr to care for his stock while he was away. On Tuesday night mentioned Carr and Labreau's team disappeared and no trace of the loss has yet been found.

COUNTY N. E. M. P. A.

Hold Successful Meeting in Newport Monday.

The annual meeting of the county association of New England Milk Producers was held at school hall in Newport Monday afternoon while on duty delegates from the town locals could vote at this meeting, many other members of the several locals were present. The meeting was not as largely attended as it would have been earlier in the season, owing to the condition of the roads, but much enthusiasm was manifested over the work accomplished by the organization.

The meeting was honored by the presence of Harry L. Piper, editor of the New England Dairyman, also Harold P. Adams, district manager of the St. Johnsbury district.

Secretary U. A. Harris read the report of the last annual meeting of the association, also the secretary and treasurer's report, which was adopted
